

Safety & Precautions

Studio hygiene is always
priority at Filomena Photography
things we do:

immediate family
members only

wash hands
upon entering

fabrics cleaned &
sanitized between
all clients

gloves and
masks used

studio cleaned after
each client

48 hours
between clients

remove shoes
upon entering

When working with newborns & children we do our best to provide a clean and safe environment for our clients.

Here are some of the extra precautions we take to ensure everyone's safety:

- Our studio is private; we work by appointment only so there is no visitors or traffic
- All linens, outfits, blankets, dresses, hats, bows, are washed and or sanitized after each client
- Shoes are not worn in the studio; we provide shoe covers if the client does not feel comfortable removing them
- Everyone is asked to sanitize their hands upon entering the studio
- Air purifier & UV light are used for extra sanitation
- Masks will be worn by all those who are not being photographed, including the photographer
- We ask that no one comes to the studio if not feeling well, even if it's the child or possibly allergies, we kindly ask that you reschedule.
